

What is the Real Life 101 Internship?

- The Real Life 101 Internship provides UF students seeking to fulfill internship requirements with exciting and engaging opportunities to develop new skills and see first-hand how a company is run. Interns will get real-world work experience in a professional environment to prepare for life after college and learn about topics like taxes and buying versus leasing a car. The internship is available to 30 UF students, open to all classes and majors.

What does the internship entail?

- You will spend 1.5-2 hours per week in a discussion about real-world topics like the factors affecting your credit score, comparing company health plans, and budgeting in college and beyond. We will meet each week on Tuesday from 12:05pm to 1:30pm at the Study Edge building. Attendance is mandatory, so please plan your course schedule accordingly.
- Each member of the internship program will also be assigned a semester-long project in a field such as marketing, operations, technology, research, or with one of Study Edge's related companies: Tutor Matching Service, Algebra Nation, or GoBoard. You will be expected to work 3 hours per week outside of the class meeting time. If you choose to take the internship for credit, you will be required to complete additional hours working with Study Edge.
 - One credit corresponds to 6 hours per week
 - Two credits corresponds to 12 hours per week

What are the benefits of the internship?

- Applicants must use this internship to fulfill the internship requirement within their respective college. Please note that if you take the internship for credit, you will incur charges to your UF student account at the current tuition and fees per credit hours rate. Strong preference is given to students who choose to take this internship for credit.
- You will receive a free Study Edge Gold membership during your internship semester. If you put in the extra effort, you will also be eligible to receive a small semester stipend of up to \$300.
- After completing the internship, you will receive priority when Study Edge is hiring for part-time and full-time positions.

How can I apply?

- You can submit an application at tiny.cc/rl101app. **Applicants are admitted on a rolling basis.** All majors and years are welcome to apply.
