

# STUDYEDGE

*STUDY SMARTER, NOT HARDER.*

**\*Must have a Facebook account to register\***

## What We Offer

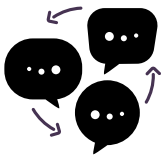

We have study materials that you can pick up at the building or download online.

Review sessions and additional videos are posted on the Study Edge website.

Our live review sessions break down all the information being covered in class, concept by concept, with practice problems along the way. Our review schedule can be viewed from [studyledge.com/uf](http://studyledge.com/uf).

The class wall is a discussion board that is embedded on the platform that allows you to ask questions 24/7 regarding material and one of our Study Experts will respond.

Study hours are basically private sessions with our Study Experts. They can be attended in-person at Library West.

When you purchase a membership you get immediate access to all of our content. You can always email us for help or more info!
